

Trust Academy, Declaration of College Health Safety

College Health Safety and Laboratory Work Regulations (comes into effect in case of on -campus instruction)

The college requires all students to observe the health, work and fire safety regulations and procedures of the institution at all times.

Students must always identify themselves when so requested by officers of the security service of the college.

Students are expected to show up at classes, practical training and laboratory exercises in clothing and physical state appropriate for accomplishing the given task (appropriate physical state excludes the consumption of alcohol, illegal drugs or medicines with the exception of medication, prescribe and controlled by a physician as part of medical treatment).

During classes or practical training, students may only be engaged in acts that have been approved by the instructor and for which they possess the necessary work and fire safety competence. During classes and practical training, students are expected to maintain order and discipline at all times. At practical exercises or laboratory work, students are required to wear or use the safety apparel or equipment provided by the instructor, observe all safety regulations and procedures, take reasonable care for the safety of others in all activities. Instructors should be used in experiments.

All accidents and personal injury, no matter how minor, must be reported to the instructor immediately. Smoking is permitted in the designated areas only. Students are expected to keep classrooms and other facilities on college premises clean and tidy, including the proper use and safety of all equipments and devices. Trash may be thrown into designated garbage containers or trash cans only.

Student's Name: _____

Date: _____

Student's Signature: _____
